

COMPANY PROFILE

Your one stop solution for all
your Occupational Health and Safety
requirements.

CMK Safety Solutions (Pty) Ltd

Your one stop solution for all
your OHS requirements

ABOUT

Founded in 2019, CMK Safety Solutions strives to ensure that all Occupational Health and Safety needs of our clients are catered to on an exceptional level.

OUR SERVICES

- Development of Project Specific Occupational Health and Safety Files.
- Occupational Health and Safety Consulting on Projects
- Accredited HSEQ Training
- 3D Scaffolding and Product Designs
- Sourcing of HSE Officers/Managers for projects.

HISTORY

With over 9 years of experience in the Construction, Mining, Petrochemical and Paper/Pulp Industries we have been exposed to various environments and the relevant requirements placed on Occupational health and Safety in these fields.

Growing our National Footprint.

Improving your OHSE Statistics.

Making your HSE work on site.

Occupational Health and Safety Files

At CMK Safety Solutions, we consistently ensure that our Clients have Occupational Health and Safety files which are in line with the requirements of applicable Legislation and in accordance to the Client HSE Specification.

These files are carefully constructed to ensure that it is easily audited by the Client or Safety Agent and easily communicated to the workforce.

As part of our service, we ensure that the file is approved by the Client on the first audit and that the file is properly communicated to all employees of the contractor. This ensures that there are no delays to the start of a project.

All requirements are also communicated to relevant employees e.g. HSE Representative Inspections and Weekly HSE Checklists that need to be done.

HSE Consulting

We offer Occupational Health and Safety consulting which will includes the following services:

- Auditing of the Occupational Health and Safety File on a Monthly Basis, ensuring that your file continiously complies with Legislation and Client Specifications.
- Reports on all outstanding items in the Occupational Health and Safety file including status of Weekly/Monthly Inspections and Checklists.
- Auditing of the actual operations and site conditions ensuring that work is executed in a safe manner.
- Audit and Inspection of Employee Tools, PPE and Safety Harness to ensure that the equipment is still in good and working order.
- Check on Client Monthly Audit Results and Reports to ensure that all Audit Findings are closed out to prevent consecutive findings.

All these audit findings and reports are submitted to the Client on the day of the Site Audit to ensure that the Client is aware of any deviations or issues on site. All findings related to Occupational Health and Safety will be closed out by CMK Safety Solutions if possible, or brought under the attention of the Client.

Accredited Health and Safety Training

CMK Safety Solutions offers various training courses to ensure that all employees on projects are competent and trained as per the requirements of the OHS Act.

Our training courses are accredited to the relevant Unit Standards as set by SAQA and each relevant SETA where applicable.

Summary of Occupational Health and Safety Training:

- First Aid Level 1,2 & 3
- Fire Fighting
- Health and Safety Representative
- Working at Heights
- Fall Protection Plan Developer
- Legal Liability and OHS act for Managers
- Forklift and Lifting Equipment Training
- Scaffolding erection, dismantling and inspection

Our pricing is competitive and is charged at a per day rate to ensure that the client can get the most benefit by adding as many delegates as allowed by the Unit Standard and SETA.

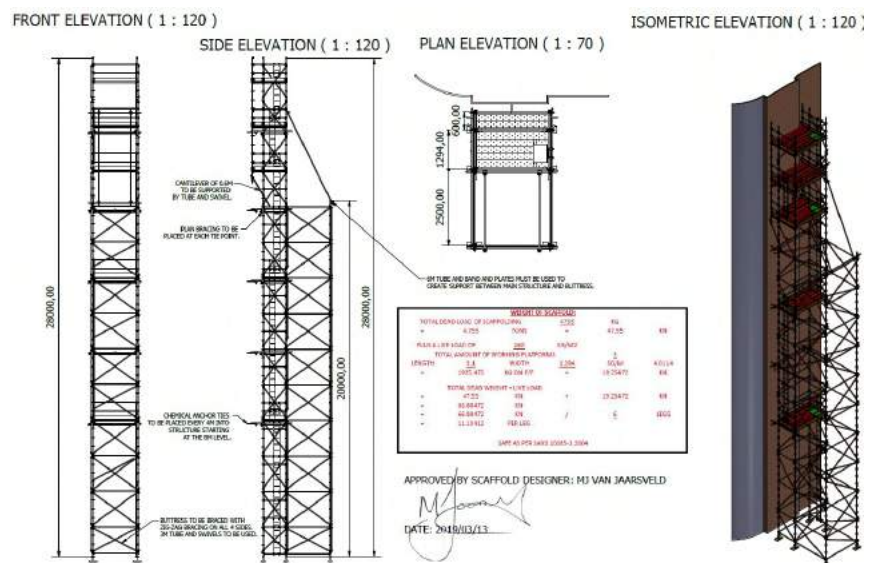

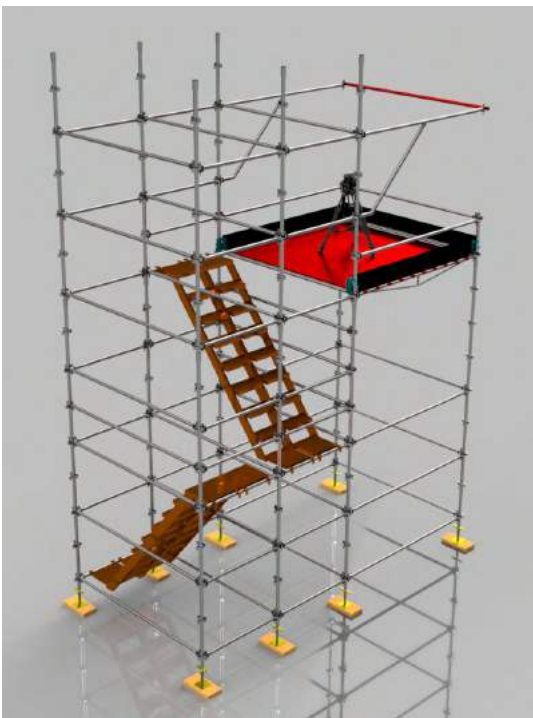

Scaffold and Product 3D Renders and Designs

CMK Safety Solutions can create detailed and lifelike designs and renders for your Scaffold or Product Requirements.

All designs are done as per the Client requirements and can be approved by a structural engineer if needed by the client.

All designs include material lists, loading on platforms as well as leg loads on the scaffolds.

Sourcing of HSE Managers and Officers for projects.

CMK Safety Solutions removes the problems and hassles with sourcing and placement of competent and capable HSE Officers or Managers on a full time basis for your project.

All candidates are carefully vetted and all qualifications are verified to ensure that our Clients only receive the best quality HSE personnel that are available.

This also reduces the administrative process as all wages, contract administration and workmens compensation are handled by CMK Safety Solutions.
